Sample application form

Dealership and Repairer Initiative for Vehicle Electrification Nationally (DRIVEN) Program – DRIVEN Charger Rebate Stream 2025 to 2028

This document shows the questions included in the online application form for this grant opportunity. It will help you prepare your responses and the mandatory attachments you need before you apply online.

Instructions

The online form captures the information required by the department to assess and manage your application for services and funding.

The first page of the application page contains the following instructions.

Completing your application

The application consists of separate pages as shown in the navigation menu on the left hand side of the portal page. You can navigate between pages using the menu or the buttons at the bottom of each page.

A warning message may appear if you have not completed all of the mandatory questions or if there is an issue with information you have entered. If a question is not mandatory it will be clearly marked – Optional.

Saving your responses

You can save your changes at any time by using the Save button.

To prevent you losing your work you should save often. The portal will time out after 30 minutes if you do not save. Typing or moving your mouse does not reset the time out.

You must use the Save and Continue button to validate the information on each page. If you use the menu to navigate between pages, you will be prompted on the final page to go back and validate all of the information you have entered. A green tick indicates a validated page.

You can modify saved responses up until you submit your application.

Participants

You may invite others to assist in completing your application via the application summary page. To do this:

Select the Participants button

Enter the details

An email will be sent to your participant inviting them to assist with your application.

Submitting your application

You must complete every page of the application before you can submit.

You must also read and agree to the declaration which advises you of your responsibilities.

Check all your answers before you submit your application. After you submit, it will no longer be editable.

Internet browsers supported by the portal

We recommend that you use the following browsers for optimum functionality:

- On Windows: The latest versions of Mozilla Firefox, Google Chrome and Microsoft Edge
- On Mac: The latest versions of Safari and Google Chrome

A. Program selection

Before you start your application, we need to first identify what type of entity is applying.

Some programs we offer allow entities without an ABN to apply. The form is designed to accommodate these entities. However for this rebate opportunity, an ABN is mandatory. If you do not have an ABN this rebate opportunity will not appear in the program selection at the bottom of the first page and you will not be able to continue.

If you are a trustee applying on behalf of a trust we will need details of both the trust and trustee.

Before you start you should have the following details ready if they are applicable to you.

Australian Business Number (ABN)

Your business's Australian financial institution bank account details

Your dealer or trader licence number

Proof of association as a service centre with a licenced motor dealer/trader

Proof your staff member/s qualification to undertake work on Electric Vehicles (EVs)

A.1. Program selection

You must select from a drop-down menu the program that you are applying for. If you have been provided with an Invitation code, you will be able to enter it here which will select the program for you.

Field 1 select - DRIVEN Charger Rebate Stream 2025 to 2028

Field 2 select - DRIVEN Charger Rebate Stream 2025 to 2028

When you have selected the program, the following text will appear.

This rebate opportunity forms part of the DRIVEN Program under the Dealership and Repairer Initiative for Vehicle Electrification Nationally Program (DRIVEN) program.

This rebate opportunity will run over 4 years from 2024-25 to 2027-28.

The DRIVEN Charger Rebate Stream 2025 to 2028 will provide \$40 million for EV chargers to dealerships and repairers.

The intended outcomes of the program are:

- a supported Australian automotive sector as it transitions to selling and repairing more EVs
- increased uptake of EVs, including regional and remote areas by providing more EV charging stations
- reduced transport emissions to support achievement of Australia's economy-wide net zero emissions target by 2050.

Rebate amounts available for eligible smart EV chargers are:

- For installed chargers, a rebate of up to \$3,000 per plug can be claimed, noting rebates will not exceed the total cost to purchase and install a charger.
- For portable DC chargers, a rebate of up to \$3,000 per charger can be claimed, noting the total purchase cost must be at least \$2,500 per unit to qualify.

Multiple plugs can be installed on your eligible site up to a rebate maximum amount of \$21,000.

You should read the [grant opportunity guidelines](#) before filling out this application. We recommend you keep the guidelines open as you are completing your application so you can refer to them when providing your responses.

You may submit an application at any time over the life of the grant opportunity.

To prevent you losing your work you should save often. The portal will time out after 30 minutes if you do not save. Typing or moving your mouse does not reset the time out.

B. Eligibility

We will ask you the following questions to establish your eligibility for the DRIVEN Charger Rebate Stream 2025 to 2028 rebate opportunity.

Questions marked with an asterisk are mandatory.

Select which type of entity your organisation is.

- a licenced motor dealer/trader
- a service centre associated with a licenced motor dealer/trader
- an automotive repair business as defined in the grant opportunity guidelines
- none of the above.

You must select one of the eligible options from a drop down menu to proceed to next question.

Are you an entity incorporated in Australia?

You must answer yes to proceed to next question

Has an eligible EV charger (either installed by a licensed electrician or a portable unit) been purchased and/or made operational on your premises on or after 26 March 2024?

You must answer yes to proceed to next question.

Do you have a Certificate of Compliance or Electrical Safety Certificate to demonstrate that all eligible EV chargers have been installed by a licensed electrician?

You must answer yes to proceed to next question.

Has the eligible EV charger been installed on an eligible site as defined in the grant opportunity guidelines?

The EV charger must be installed on a site which:

- *contains a dealership rooftop/showroom, service centre or automotive workshop*
- *has a unique street address*
- *is owned by you or you have full authority and approvals from the owner to have installed the product(s) chosen, including strata approvals (if applicable), and*
- *has not received the maximum rebate amount for the dealership or EV repairer site (total \$21,000).*

You must answer yes to proceed to the next section.

If claiming an installed charger, does the unit meet 'smart' requirements — that is, it has an online connection that allows monitoring, managing, and adjusting of energy consumption.

You must answer yes or not applicable to proceed to the next question. Select 'Not applicable' if you are only claiming for portable DC EV chargers. If you are claiming both installed and portable chargers, select Yes to confirm that the installed charger(s) meet the smart requirements.

C. Applicant address

C.1. Applicant street address

You must provide your street address.

When you start typing the address in the field you can select the correct one from the drop down list that appears. If it is not there you can enter manually.

C.2. Applicant postal address

You must provide your postal address.

When you start typing the address in the field you can select the correct one from the drop down list that appears. If it is not there you can enter manually.

D. Key contacts

You must provide the details of a primary contact for your application.

The primary contact is the person authorised to act on behalf of the applicant and we send all email correspondence to this person. If you are not the primary contact, we will send an email to this person to invite them to register as a participant in the application. It is important that they register, or our emails will not be received. We recommend you let them know this.

If these details change, inform us as soon as possible so emails can be redirected.

E. Claim information

On this page you must provide the detailed information about your proposed project.

If your application is successful, we will publish some grant details on [GrantConnect](#) and other government publications. Published details include:

name of the grant recipient

a project title

a brief project description and its intended outcome

amount of grant funding awarded.

E.1. Dealership, service centre or repairer details

Business name:

Business address where eligible smart EV chargers/portable DC chargers are installed and/or in use:

This information will be used to verify the address is an approved commercial premise and not a business operating out of a residential premise.

E.2. Installation/Assessment details

Name of licenced electrician:

Electrician's licence number:

Date installed (for installed EV chargers):

Date assessed (for portable chargers):

This information must match the Certificate of Compliance/Electrical Safety certificate provided with your application. 'Date assessed' refers to the date on which a licensed electrician has assessed that the electrical outlets and infrastructure used with portable DC EV charging units are safe and capable of handling the additional electrical load.

E.3. EV Charger details

Provide details of the eligible smart EV charger(s) that have been installed or purchased for use on your premises, including portable units (if applicable):

Brand name:

Model:

Number of installed chargers:

Number of portable chargers:

This information will ensure an eligible EV charger has been installed or purchased. Installed EV charging units must meet "smart" requirements – that is, have an online connection which allows monitoring, managing and adjusting of energy consumption. If you have multiple chargers, select 'add another' to enter each one separately.

F. Claim amount

You must provide your total claim amount below.

Your claim for a rebate amount should be for installed eligible smart EV charger(s) or portable DC EV charger(s).

You must attach evidence of your claim later in the form. Refer to the guidelines for guidance on eligible expenditure and attachments.

Maximum rebate amounts available are:

- *\$3,000 rebate per plug for installed smart EV chargers (rebate will not exceed the total cost to purchase and install a charger). If total expenditure is less than \$3,000, only the amount spent can be claimed.*
- *\$3,000 rebate per portable DC EV charger (minimum of \$2,500 per unit). If expenditure is less than \$2,500, the purchase is not eligible for a rebate. If expenditure is between \$2,501 and \$2,999, the rebate only covers the actual amount spent. For expenditure of \$3,000 or more, the rebate is capped at \$3,000.*

The maximum rebate for applications with multiple installations of eligible EV chargers is \$21,000.00 per dealership or repair site.

To claim costs for assessment(s) by a licensed electrician to confirm outlets/electrical infrastructure used by portable DC EV charger(s) are safe and capable of handling the additional load, use Installation costs.

You can make one application per eligible dealership or repairer site. Dealerships operating under multiple franchisee agreements out of the one rooftop site may make an application for each vehicle manufacturer they have a franchise agreement with.

Applicants with multiple dealerships or repairer sites (such as franchises) must make a separate application for each eligible site.

Eligible expenditure amount

Type	Total
Smart EV charging unit plug	\$
Portable DC EV charger	\$
Installation costs (includes assessment of portable charger outlets/electrical infrastructure)	\$
Third party administrative fees for preparing the application (maximum of \$200).	\$
Total	\$

F.1. Grant amount sought

The rebate amount sought has been automatically calculated based on 100 per cent of your eligible expenditure up to a total of \$21,000.

You will only be reimbursed up to the value of your incurred eligible expenditure within the expenditure caps per eligible charger. Your grant amount has been automatically estimated based on 100 per cent of your eligible expenditure up to a total of \$21,000. Your final grant amount will be assessed based on your application.

I. Declaration

In order to submit your application you will be required to agree to the following declaration.

I.1. Privacy and confidentiality provisions

I acknowledge that this is an Australian Government program and that the Department of Industry, Science and Resources (the department) will use the information I provide in accordance with the following:

- [Australian Government Data and Digital Strategy](#)
- [Commonwealth Grants Rules and Principles](#)
- grant opportunity guidelines
- applicable Australian laws.

Accordingly, I understand that the department may collect, use and share my personal information provided in this application within this department and other government agencies:

- a. for purposes directly related to administering the program, including governance, research and the distribution of funds to successful applicants
- b. to facilitate research, assessment, monitoring and analysis of other programs and activities
- c. for the purposes of due diligence, preventing, detecting, investigating or dealing with suspected fraud in grant applications and related processes

unless otherwise prohibited by law.

I understand that where I am successful in obtaining a grant, the financial information that I provide for the purposes of payment will be accessible to departmental staff to enable payments to be made through the department's accounts payable software system.

I understand that information that is deemed 'confidential' in accordance with the grant opportunity guidelines may also be shared for a relevant Commonwealth purpose.

The department will publish information on individual grants in the public domain, including on the department's website, unless otherwise prohibited by law.

I.2. Applicant declaration

I declare that I have read and understood the grant opportunity guidelines, including the grant agreement, privacy, confidentiality and disclosure provisions.

I declare that the proposed project outlined in this application and any associated expenditure has been endorsed by the applicant's board/ management committee or person with authority to commit the applicant to this project.

I declare that the applicant will comply with, and require that its subcontractors and independent contractors comply with, all applicable laws.

I declare that the applicant and any project partners are not listed on the [National Redress Scheme](#) list of institutions, where sexual abuse has occurred, that have not joined or signified their intent to join the Scheme.

I declare that the applicant is not named by the [Workplace Gender Equality Agency](#) as an organisation that has not complied with the *Workplace Gender Equality Act 2012*.

I confirm that the applicant, project partners and associated activities are in compliance with current [Australian Government sanctions](#).

I declare that the information contained in this application together with any statement provided is, to the best of my knowledge, accurate, complete and not misleading and that I understand that giving of false or misleading information is a serious offence under the *Criminal Code Act 1995* (Cth).

I acknowledge that I may be requested to provide further clarification or documentation to verify the information supplied in this form and that the department may, during the application process, consult with other government agencies, including state and territory government agencies, about the applicant's claims and may also engage external technical or financial advisors to advise on information provided in the application.

I agree to participate in the periodic evaluation of the services undertaken by the department.

I approve the information in this application being communicated to the department in electronic form.

I acknowledge that if the department is satisfied that any statement made in an application is incorrect, incomplete, false or misleading the department may, at its absolute discretion, take appropriate action. I note such action may include excluding an application from further consideration; withdrawing an offer of funding; using the information contained in the application for a fraud investigation that would be consistent with the Australian Government's Investigations Standards and Commonwealth Fraud Control Framework and/or for a grant under management, terminating a grant agreement between the Commonwealth and the grantee including recovering funds already paid.

I declare that I am authorised to submit this form on behalf of the applicant and acknowledge that this is the equivalent of signing this application.

By checking this box I agree to all of the above declarations and confirm all of the above statements to be true
